

<p style="text-align: center;">Area of study: 37.04.02 Conflictology Program: “Legal conflictology and mediation”</p> <p>Degree: master Program length and study mode: 2 years Language: Russian Credits: 120 Start date: September 1, 2020 Location: Institute of Sociology and Regional Studies of the Southern Federal University, Rostov-on-Don, Pushkinskaya st., 160</p> <p>Entry requirements: a diploma of higher education. Admission is based on the results of entrance exam (testing and essay).</p>	<p>Program overview: The purpose of the educational program is to form general cultural and professional competencies of the graduates in the field of research, technological, pedagogical, organizational and managerial activities aimed at solving professional problems in the field of conflict resolution. The educational program is new at the market of educational services, as it is positioned as the only master's program announced at SFedU in the field of mediation technologies used by specialists in various fields - jurisprudence, conflict resolution, psychology, social work, etc. The graduates have the opportunity to master not only standard legal technologies for resolving legal disputes, but also alternative dispute resolution technologies involving a mediator (mediation procedure), which will significantly increase their competitiveness in the labor market. A feature and advantage of the educational program is its interdisciplinary nature. Its implementation is supposed to be in collaboration with the Faculty of Law, taking into account the educational and methodological unity of the educational program, which makes it competitive in the educational services market. It will allow students to undergo training in the largest scientific and educational center and be</p>	<p>Careers:</p> <ul style="list-style-type: none"> - scientific and research centers that implement the study of problems in the field of conflict resolution - educational institutions of higher professional education, implementing training in the areas of social and humanitarian knowledge - a system of state and municipal government, carrying out a conflictological examination of various spheres of society and implementing decision-making in the field of prevention and resolution of conflicts - non-governmental organizations involved in conflict management, reducing conflicts, using alternative dispute resolution technologies with the participation of a mediator (mediation procedure) in various spheres of life. <p>Get in touch:</p> <ul style="list-style-type: none"> - Sergey A.
